I'm not sure who to send my Updates as EPA Liaison to the mayor of Houston, so I'm sending it to both the REOC and the ICP.

EPA's Liaison to the Houston Mayor's Office met with Richard Retz of the Mayor's Office of Public Safety and Homeland Security on September 3 and began operating out of the Houston Emergency Center. The liaison has been asked to provide daily update's on EPA's activities in Houston to the city's SitRep by 5:30 pm.
